To Whom It May Concern:

It is with great pleasure that I am writing this letter of recommendation for Garrett Reed. I have taught Garrett in my science classes and have been an advisor to the student council that he is an integral part of. The interactions that I've had with him allow me to feel confident speaking on his behalf.

Garrett is an excellent student. It is apparent that much time and extra effort is given on his projects and regular homework. He is very punctual with his work and his attendance in class. He has a great interest in many subjects and has shown great enthusiasm for learning.

Garrett has been on student council for all four years of high school and is currently an officer in the council. He has shown strong leadership skills and is very involved in making the council the best it can be. He volunteers for many jobs within the council and is very reliable and timely in getting those jobs done. He has been great to work with on the council. In addition to his student council responsibilities, Garrett is a member of the National Honor Society, Business Professionals of America and has volunteered at the elementary spring carnival.

Garrett is well on his way to having a very successful future. He has developed many strong skills that will enable him to do well after graduation. I would highly recommend him for employment opportunities or further educational opportunities. I am confident he will make a positive impact on any career area he pursues. If you have any further questions I can be contacted at 828-6601.

Sincerely,

Jill Chaney  
Science Department  
Student Council Advisor
